Windsor Suites & Convention, Bangkok, Thailand
10 September 2015

Malaysian Citation Centre

Ministry

Department

Malaysian Citation Centre

Ministry Of Higher Education

Department of Higher Education

Department of Polytechnic Education

Department of Community College Education

One stop centre for collating, coordinating and improving the standard of scholarly journals publication in Malaysia
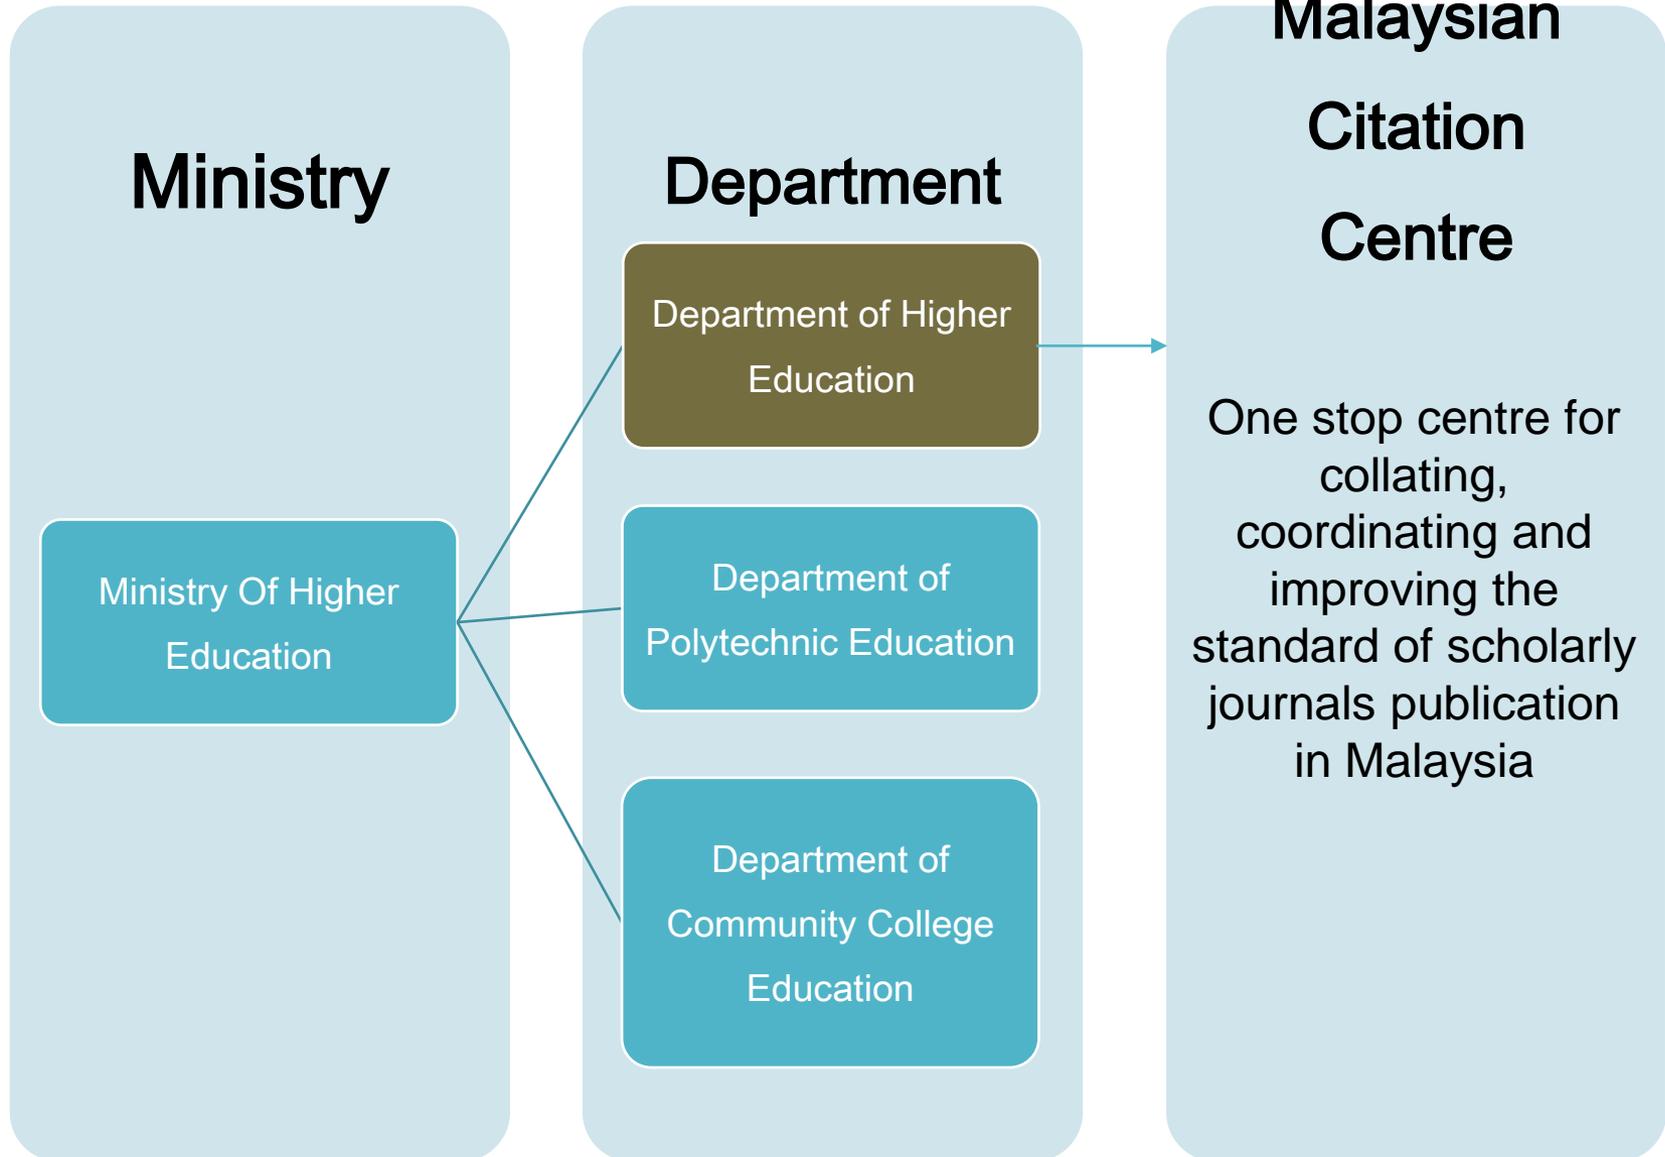

Vision, Mission & Objectives

Vision

- To be the national centre for bibliometric management of Malaysia's scholarly knowledge resources
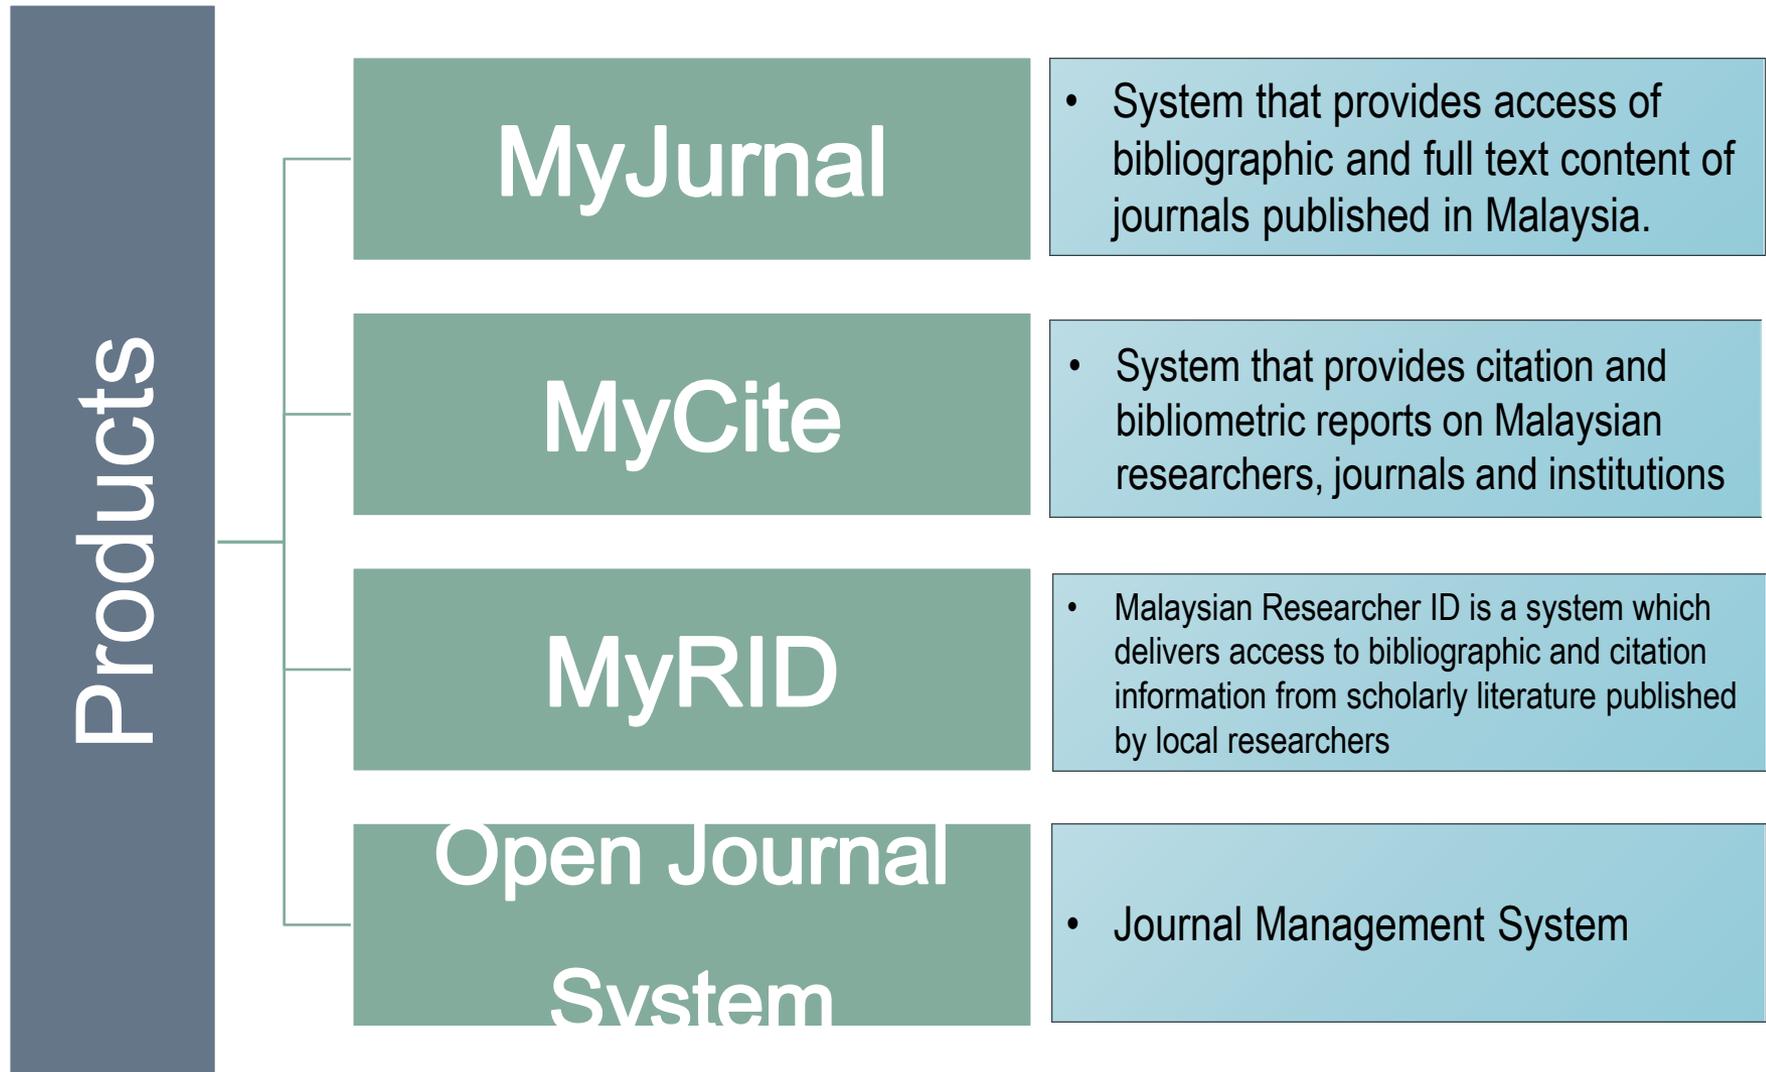

Mission

- To be the single authoritative national reference management centre for bibliometrics indexing and citation analysis of Malaysia's scholarly publications.
- To offer appropriate' standards for improvements of Malaysia's scholarly publications' quality and value.
- To globalise Malaysian scholarly publications and citation analysis.
- To increase global accessibility and visibility of Malaysia's scholarly knowledge.
- To deliver "state of the art" ICT-enabled services and citation analysis for commercialisation of Malaysia's knowledge.

Objectives

- Record the collection of the country's scholarly publications intellectual property.
- Provide an on-line database of "bibliographic control" of local scholarly publications for open access
- Set up standard guidelines of processes and criteria of scholarly publications rating.

Products of MCC

Products

MyJurnal
- System that provides access of bibliographic and full text content of journals published in Malaysia.

- Journal Management System

International Collaborations

Malaysian representative for ACI Steering Committee.

The 1st *Meeting of ASEAN Research Councils* held from 26 to 29 January 2014 at Dusit Island Resort, Chiang Rai, Thailand.

Collaboration with the **Islamic Citation Index (ISC), Shiraz, Tehran**

International benchmarking at the *National Research Foundation* (NSF), *Korea Institute of Science and Technology Information* (KISTI) and *Indian Citation Index* (ICI)

SCOPUS, PUBMed and *ISI Web of Science* (WoS) – MCC has managed to bring in 50 local journals to the **extended collection of Web of Science**.

Collaboration with Thomson Reuters for the Malaysia's Rising Star Awards

In Summary we …

Provide the database of local researchers, academic papers published in Malaysian scholarly journals;

Collect all published articles and make them accessible through the Malaysian Journal Management System (MyJurnal);

Measure citations online and in real-time through Malaysian Citation System (MyCite);

Recommend those with good impact factor and citation to international indexing agencies;

Evaluate the performance of researchers and local journals and give recognition to researchers and journals with remarkable achievements.

For ACI

1. MCC submitted the 2 representatives' as a permanent members on 27 January 2015.

2. We have prepared a list of 25 local journals across 3 categories, which we have brought for the purpose of this meeting.

3. The arrangement of the data in accordance with the ACI template for indexing. Will see ACI's demonstration on the new system in this meeting.

4. National investment for ACI – is still being considered by the Ministry.

THANK YOU
